

# We Welcome Children to Quaker Meeting

## **Infants, Toddlers and Pre-school age Children**

Though we do not yet have a formal child-care program we very much welcome children to Meeting and will provide childcare for infants, toddlers and pre-school age children in the children's room from 10:15-11:30 am. Please bring anything you think your child might need.

If you prefer, your little one is most welcome to be with you in the meeting room.

## **School Age Children**

By the time a child is age six or seven years old plan for your child to join the adults in Quaker Meeting.

They can do a quiet activity such as reading, an art project or any quiet activity that speaks to peace. Our children's room has art materials, toys and books and is located at the far end of the meeting room. They may also join the adults in the meeting room.

Please help prepare your school age child in advance for this time of listening to silence.
